

Family
Sessions
(week/
weekend)

MEDICAL CARE

Nursing and licensed medical staff will be on duty at all times. If your child becomes ill or has an injury while at camp, they will be treated by one of our medical professionals. Routine medical care and procedures will be responsibility of the parent/guardian.

MEDICATIONS

All campers must bring all their medications to camp, including prescription medications and over-the-counter medications (i.e. vitamins, skin creams, diet supplements, etc.). Medications will remain in the possession of the family, with the exception of narcotics. Narcotics must be locked up in the Medical Center.

If your child requires other medical supplies, such as catheters or ostomy supplies, feeding supplies, diabetes supplies, etc., please provide those items as well. First aid supplies will be provided.
