

## APPLYING FOR CAMP?

**Summer Camp:** Diagnosed camper (age 7-16) attends without family members.

**Family Retreat:** Diagnosed camper (age 5-17) attends with family members.

**Before you e-mail, fax or mail your application to us, take a minute to review it:**

### Courageous Camper Medical Form:

- **Parents complete this form. We are a medical camping facility, so we ask a lot of questions in order to provide the best care for our campers.**
- **The Physician's Statement section is the only part completed by the doctor.**
- **Medical Form Requirements (in addition to medical information):**
  - **Date of last exam (within one year of camp).**
  - **Date (month/year) of last tetanus booster shot.**
  - **Copy of insurance card.**
  - **Social Security Number (for Summer Camp).**

### Family Member Medical Form:

- **List every family member who is applying to attend a Family Retreat.**

### Parental Waiver:

- **Be sure to first answer the three questions (service dog, medical consent, photo release).**
- **For a Family Retreat, list every family member who is applying to attend. All adults should include their (dated) signature.**

We only review completed applications; that is, when we have received all required documentation, including:

- the doctor's signature,
- parent(s) signature(s),
- medical information,
- immunization information,
- insurance information,
- service dog information.

**NOTE:** It is your responsibility to ensure that CCK has received all of your documentation and that your application is complete.

You are only accepted when you receive an acceptance e-mail from us, asking you to confirm your attendance.
